

Kent School's Annual Report

PERSONALIZED LEARNING FOR EVERY STUDENT

2008 – 2009

Independence and Responsibility

In this 2008-2009 Annual Report, we look back and thank the many generous individuals, businesses and foundations who shared in the responsibility of maintaining Kent School as an independent, academically challenging and successful school. The Kent School community is truly grateful to you for recognizing the responsibilities associated with independence.

Independence comes with responsibilities. Kent School is an independent school. As such, we do not receive federal or state funding. We are a non-profit organization relying on tuition, fees and donations to operate. Although this independence can create a tenuous financial situation when enrollment or giving drops or unforeseen expenses occur, it is this independence that gives Kent School its identity. Our independence creates this unique community that provides the best possible learning experience for our students and our faculty.

Maintaining this independence is a responsibility that every member of our community shares. The Head of School, the Board of Trustees and school administrators are responsible for the near and long term well-being of Kent School. Along with our school leadership, our parents, grandparents, alumni and friends throughout the community share this responsibility. Their participation in our fundraising efforts is vitally important to the well-being of the school. Strong support from our internal community increases our financial resources and, in turn, allows us to continually improve our excellent educational program and facilities. Sharing this responsibility strengthens our position when we look outward for additional financial support from foundations and businesses.

The Osprey Fund

Gifts to the Osprey Fund, Kent School's annual fund campaign, support our operating budget. Revenue from tuition covers approximately 80% of our annual school budget. Gifts to the Osprey Fund help bridge the gap between tuition revenue and the total cost associated with running Kent School. We apologize if we have inadvertently omitted any donor from this list.

The Community Scholars Fund

The Community Scholars Fund was established in 2005 as an annual scholarship fund to assist local families with the cost of tuition. These annual gifts support Kent School's mission to build a more diverse student body.

Board of Trustees Challenge in Support of Financial Assistance

In the Spring of 2009, members of Kent School's Board of Trustees were challenged to match an Anonymous grant of \$5,000 in support of financial assistance. Recognizing that the current economy could place financial stress on some of our current families, the following Trustees and Former Trustees participated in this challenge.

The Ben P. Gale Founders Fund

Gifts to The Ben P. Gale Founders Fund help the school with long range planning and expenditures pertaining to financial assistance. The principal purpose of the Fund is to supply merit-based scholarships. In honor of Ben Gale, Kent School's Founding Board President and Kent School's fortieth anniversary, the following individuals made contributions to The Ben P. Gale Founders Fund.

Mrs. Ben P. Gale
The Thomas H. and Barbara W. Gale Foundation
Mr. and Mrs. William P. Gale

The Kudner Leyon Memorial

This memorial fund supports the Kudner Leyon Visiting Writers program at Kent School. Each year we host an acclaimed author and/or illustrator to our campus for a day of workshops and presentations that engage our students and reflect the emphasis we place on writing, reading and the literary arts at every grade level. In previous years, funds were raised via the Kudner Leyon Memorial Golf Outing. In 2007, the golf outing was discontinued. However, we continue to raise funds for this stellar program. The following businesses, foundations and individuals generously supported The Kudner Leyon Memorial.
