

From the Kent School mission...

*"Our Primary Goal is to help our students realize their full potential."*

*"We Understand that the child is at the center of the learning process."*

Develop a Learning Center with resources for teachers, parents and students.

Commit to professional development focused on learning and instruction, best practices, and strong research.

At Kent School we are committed to understanding the strengths and challenges of every child and providing a personalized learning experience.

Create a Personalized Learning Profile for every child.

Commit to ongoing dialogue among teachers regarding the strengths, challenges and strategies for students

Communicate to every student and parent regarding specific goals and strategies on a continual basis to proactively support and guide students.

Ensure this communication occurs across grade levels from one year to the next.

Provide assessments, progress reports, report cards, and conferences.

Coordinate efforts with teachers, parents, and resources outside of Kent School whenever possible.
